Letter of Appreciation

This is to appreciate the Principal, the Management committee and the faculty members of Dev Samaj College of Education for Women, Ferozepur (Punjab), India for organizing several virtual workshops and webinars during the pandemic to help their students update their skills and knowledge needed for 21st century. The principal and the staff members put a lot of efforts in arranging continuously national and international webinars to engage the aspiring teachers in learning even during the outbreak of covid 19.

I, being the founder of an educational consulting company, mainly training school math teachers and teacher trainees was invited to share my expertise on Integrating Problem Solving & Experiential Learning In Mathematics Teaching on 22nd May 2021. The students participated with enthusiasm, and I sincerely value the dedication and efforts of the principal, faculty members and students.

24th May 2021

Dr. Jeyanthi Subramanian, Found
Experiential Math Solutions.
